GENERAL INFORMATION

General

- Rented a mini-van for extra comfort on the road trip. We booked well in advance so the van did not cost much more than a regular car would have cost and was nice and roomy for the road trip.
- Due to time change we flew out late on Friday night and came back Saturday night on the overnight flight to get Sunday to recoup before back to work on Monday.

Arizona

- Choose a hotel close to the Phoenix Airport the first night since we arrived late. We just wanted to get to sleep. Breakfast was not included in the first hotel but the hotel gave us a great recommendation for breakfast that had some great gluten-free option.
- Breakfast was included in the Sedona and Page, Arizona hotels. It was a great way to start each day. We always try and look for hotels that include breakfast. It saves money and starts off your day.

Utah

- Rafting the canyon was our best day on the trip. This flat water raft tour was amazingly beautiful. We had 11 people in our group and everyone agreed. Lunch was included.
- The Cliffside Restaurant has beautiful views. We went to eat for sunset. Such a great spot..

Nevada

- There is so much to do in Las Vegas. We picked one show to see. It was a magic show, but there are so many to choose from. There is a ½ price show ticket booth by Planet Hollywood for same day show tickets.
- Every famous chef has a restaurant in Las Vegas. Do your research and pick the food you want to have, but make reservations before you arrive for your restaurant of choice.
